The San Francisco Redevelopment Agency welcomes you to this new residential community in the heart of the City.

Eventually, almost 9,000 persons will be living in Diamond Heights. Convenient facilities and services have been scheduled for your community area. As development proceeds, facilities and services will be put into operation.

This report outlines briefly the facilities and services. The locations of existing and future facilities are indicated by numbers on the map.

TO FAMILIES LIVING IN DIAMOND HEIGHTS

a report on facilities in the area

November 1, 1962
San Francisco
Redevelopment Agency

SCHOOLS

A permanent elementary schaal will be canstructed on site **4** when the child population projectian indicates about 240 elementary schaal children in the area. Until then, elementary schaal pupils will be transparted ta the Clarendon School as long as there is classroom space. Parents may also enroll their children in the Twin Peaks ar Miraloma Schools. However, no school transpartation is available for these schools. Site **1** on the map has been designated for a secondary school. Depending on develapments, either a juniar ar a senior high school will be erected here in the future.

TRANSPORTATION

At this time, Municipal bus service is provided by the Number 37 line an Portola Drive. Consistent with development in Diamond Heights, bus service will be extended into the area by way of Duncan Street and Diamond Heights Boulevard. The initial extension of this service will be to the shopping center area shown at **6** on the map. A later extension will terminate in a loop at either the Addison and Digby Streets intersection or at the intersection of Diamond Heights Boulevard and Berkeley Way.

Elementary school children can now board school transportation at Amber Drive and Cameo Way, point **A** on the map. When the temparary building is erected saon on the schoal site at **4** , this service will be moved there. Junior and seniar high school students can board the Number 37 bus at a new bus stop on the southwest corner of Portola Drive and Clipper Street, point **B** an the map.

RECREATION

There are about 96 acres devoted to park and recreation facilities in the Diamond Heights area. The large Glen Canyon Recreation Area, **9** an the map, includes the Silver Tree Children's Day Camp. In the sauthern portion of this area is the Glen Park Playground, **15** , which includes a recreatian center, housing a gym, theater, and other recreation facilities. Other existing facilities are the Douglass Playground with a clubhouse, **2** , and Fairmount Plaza, **14** .

In the near future, two additional areas will be developed far recreation use. The George Christopher Recreation Center, **8** , and the Walter A. Haas Recreation Center, **11** , will have varied facilities, including clubhauses.

LIBRARY

The branch public library site, **5** , is canveniently located in the Neighborhood Center and will be easily accessible ta the school, shopping center, and recreatian center. The construction of this library is included in the 1963-64 Capital Improvement Program for the City of San Francisco.

SHOPPING

In the spring af 1963 canstruction will begin on the 2.5 million dollar shopping center, **6** . This facility will be able to supply all the convenience shopping needs of the area. An unusual restaurant with an outstanding view is currently planned far the ather commercial site, **10** .

OTHER FACILITIES

Three churches are proceeding with construction plans for the sites shown on the map. The fire house shown at **12** is also included in the 1963-64 City Capital Improvement Program.
